

We will not meet this Monday, May 30. It is Memorial Day, in memory of our Honored Dead.

The Florence Rotary Club has a long history of civic involvement and support of the Veterans Memorial located at the Florence Government Center. On Monday at 11AM, the last piece of that monument will be unveiled and our club will be a part of the flag raising ceremony. The parade begins at 10am at the Boone County High School and ends at the Government Center for the flag raising. The public is invited.

On Sunday, May 29th the Group Study Exchange team leaves for France with our Jack Lundy as team leader and Rebecca Barnes of Lexington, Tiffany Bourne of Somerset, Tiffany Williams of Pikeville and Katina Benton of Whitesburg. The ladies represent: United Way, Executive County Services, Education, and Nursing. They will be in Normandy for a month visiting various clubs and professional places such as government, schools and hospitals. They will be in Normandy on D-Day and will witness a re-enactment of the parachute drop over Normandy. They will also visit the beaches and cemeteries of the area. Dr. Lundy will be joined at the conclusion of the Rotary exchange for a whirlwind tour of Ireland, Scotland, London and Paris before returning home.

The team is leaving from CVG, leaving on United Airline Flight 5821. It departs at 3:35 p.m. this Sunday if you would like to see them off.
