As of 18 May, 11,289 clubs worldwide have yet to contribute to the **Annual Programs Fund**. If each of those clubs give US \$1,000, over \$11 million more would be available to help prevent disease, increase access to clean water, reduce child mortality, ensure education, and develop vocational opportunities.

Between 1 July 2010 and 1 May 2011, the Foundation received 1,912 Matching Grant and District Simplified Grant applications for humanitarian projects on five continents. The grants, which totaled \$51,385,906, would not have been possible without your contributions to the Annual Programs Fund.
